From the Desk of President Joy Miedecke...

I hope you are all making it through this horrific time! I feel sometimes like we are one step from the bad guys winning but, we have each other, and we have our families and those that we have spent a lifetime calling our friends.

Times like these put things in perspective and make us sure that we are on the right road. God is looking over our situation, I am sure, and he will keep us safe.

East Valley had to re-schedule its July Hoedown with Joy Villa for August 9th. We have already secured the date with Joy Villa and are extremely excited that we will be able to host her.

We are looking forward to our September Luncheon that will be held at the East Valley Republican Women Federated headquarters. Our speaker is one of the best you'll ever hear...God Bless this man for having the guts to say the truth from the pulpit!

The luncheon will be catered and a great day to begin the final kick off for the elections. Remember that we have Erin Cruz running for Congress, America Figueroa for the 56th Assembly District and Andrew Kotyak running for the 42nd. There will be lots of work to do for all three and we will do everything in our power to re-elect our fabulous President Trump!

Cyber hugs, can't wait to see you all again!

Joy

FROM THE DESK OF EDITOR DIANA GOMEZ...

Standing our ground as citizens of the United States of America is our number one priority as we face the foes coming at us from every direction at this time in our history. We saw this play out as a St. Louis couple brandishing their guns were intimidated outside their home by the Black Live Matter mob wanting to destroy their historical home the couple had worked so hard to establish.

This represented to me that our home on a broader scale is the United States and anyone who tries to intimidate and take away our freedoms and the monuments that represent our freedom must be met with resistance. The Chinese Virus is being used as a political pawn of fear because the Democrats do not care about "We the People". The Chinese Virus is about get Trump and destroy this country. We can no longer sit back and think that our elected politicians are going to take a stand for us. We are the people that must stand. I am proud to stand shoulder to shoulder with each of you as we take back our cities, towns, country and yes even our East Valley headquarters after being vandalized. We must stand with courage and resilience in the face of evil. President Trump calls some of us his Keyboard Warriors, others are called Prayer Warriors, Front Line Warriors are our Men in Blue and our Great Military Warriors. Our home is precious to each of us and educating ourselves is the first step in the Warrior process. Our history teaches us the good and the bad learning what works and what does not work for the people. Learn your rights from Hillsdale College free on line courses. Anyone demanding that we bow to a totalitarian government has NO right to tell us what to do or to cancel our culture. This war to destroy our Judeo-Christian culture must be met. Talk show host Dennis Prager warns we are in the middle of a Civil War. We must take back our schools, the press and our cultural institutions. The Communist are not going to leave us alone.

Patriot Artist Jon McNaughton has this to say about about America: "America is about freedom. We believe in strong families, patriotism, God, and justice. We won't bother you if you don't bother us . . . well, that's the way it should be.

The purpose of this painting at the right is to show the strength and honor of the American woman. You could consider her a female soldier or the Mama bear that you don't want to mess with. Either way, she is not afraid to face the opposition that wants to infringe upon her God given rights.

In today's society the rights of an individual have been reduced to what many people perceive as necessary. The Federal Government continues to encroach upon individual liberties, as the First and Second Amendments of the Constitution are under attack.

Here, the woman holds a SIG 556 Firearm as her weapon of choice. Her finger remains in the safety position, and she is well trained. Had this been Joan of Arc she would have been holding a sword with just as much fervor and determination. The American woman will never give up or back down and when she is threatened she will---Take a Stand!."

If you want your children to inherit the blessings that generations of Americans have fought and died to secure, then we must devote everything we have toward victory in 2020.

East Valley Republican Women Federated will Stand...We will turn California RED...Just watch us!!!

CFRW WEBINAR CONFERENCE**

**See this CFRW webinar
on EVRWF Headquarters New 85" Television!**

Reservations - Joy Miedecke (714) 357-7437

Many of you have signed up to attend this CFRW Webinar at headquarters on July 25th so come early to get a good seat at 8:30 A.M. Still have a few seats so please call so you'll be counted for lunch. The cost will be picked up by the club, including lunch. It will be a pretty informative event and everyone will enjoy it. Let's kick start the rest of our year by listening to our CFRW leaders and many other elected California Legislators including our own Joy Miedecke. New people are being added daily.

Do not register yourself, the club will do it for you..just let Joy Miedecke know as soon as possible if you will attend (714) 357-7437.

Dear EVRWF Friends & Members:

The past weeks have been trying on many levels, not least of which is the shutdown of our store followed by the horrible vandalism we experienced recently at our headquarters.

As you probably know, our hundreds of volunteers work tirelessly to register voters as well as raising a significant amount of money every year to pay for civic education and scholarships for young people in our community. Our "TRUMP Store" is our main source of income and these funds offset the bulk of our overhead.

This senseless, baseless act of domestic terrorism, which involved smashed windows and three Molotov cocktails, has caused our club untold financial hardship, and we are now forced to spend our limited resources on hiring nighttime security to protect our headquarters and its members.

To that end, a very generous friend of East Valley Republican Women has created a "Go Fund Me" Campaign to help us offset the cost of our security needs. But it will not be successful unless we have your help, because today, there are forces at work to negate conservative efforts via social media. We post things on Facebook and Twitter that disappear the minute we post them.

We need every one of our friends to reach out to their friends (and so on and so on) until this campaign gains momentum. All of you have like-minded friends with whom you communicate. They have like-minded friends with whom they communicate. It's like an old fashioned chain letter. At the bottom of this letter is a link which you can click on, that takes you to our "Go Fund Me" Page and it will tell you all about this campaign to raise money.

With your help in spreading this word to everyone you know, and asking your friends to contact everyone they know, we will reach those folks who will be willing to reach into their pockets and make any sort of donation to help us offset these costs and also to bring awareness to others, about how ruthlessly conservative voices are being silenced!

Thank you for all your help and support.

CHARLIE KIRK IS BUILDING THE FUTURE OF AMERICAN CONSERVATISM.

Charlie Kirk is the Founder and President of Turning Point USA, a national student movement dedicated to identifying, organizing, and empowering young people to promote the principles of free markets and limited government. With a presence on over 2,000 high school and college campuses nationwide, 250,000 student members, and over 150 full-time staff, Turning Point USA is the largest and fastest growing conservative youth activist organization in the country.

At just 26-years-old, Charlie has appeared on CNBC, Fox News and FOX Business News over 600 times, is an editor-at-large at Newsweek, a regular columnist for Foxnews.com, Breitbart, Washington Times, and The Hill, and was named to the Forbes "30 under 30" list. Charlie was also the youngest speaker at the 2016 Republican National Convention, is the author of two books in addition to his upcoming title, "The MAGA Doctrine: The Only Ideas that Will Win the Future," which was released March 3, 2019 from Harper Collins. Charlie is also the Chairman of Students for Trump, which aims to activate one million new college voters on campuses in battleground states in the lead up to the 2020 presidential election. In 2019, Charlie was granted an honorary doctorate from Liberty University, citing his exceptional leadership and energetic voice for conservatives and is the co-founder of Liberty University's Falkirk Center.

Charlie's social media reaches over 100 million people per month and according to Axios, he is one of the "top 10 most engaged" Twitter handles in the world behind only President Trump among conservatives. Charlie is the host of "The Charlie Kirk Show"—which regularly ranks among the top news shows on Apple podcast charts—where Charlie delivers in-depth analysis of the modern political and cultural landscape, mixing in political philosophy and history with his signature campus activism alongside interviews with some of the most influential people of our time.

The Charlie Kirk Show

Join Charlie Kirk for this brief but important interview with Ambassador Nikki Haley.

Show Notes: Charlie is joined by former U.N. Ambassador Nikki Haley to discuss how the world has changed since the advent of the Chinese Coronavirus pandemic, including her newest initiative, StopCommunistChina.com, an online petition that is contributing to pending congressional legislation. Ambassador Haley calls for an investigation to uncover what China knew about the virus, when did they know it, and what can the U.S. do to hold them accountable. Ambassador Haley also mandates all U.S. universities to disclose how much money they are taking from the Chinese Communist Party and what they are doing in return. (25 min.)

From the Desk of Vice President of Programs, Trish Langley...

Hope you are staying safe and healthy. Want to update you on the Keep California Safe Measure 1840 since it has been a couple of weeks since the Town Hall Central Meeting. More information on Measure 1840 is below.

We are starting to organize for action!! To do this, we are creating a dedicated volunteer table at headquarters manned by Keep California Safe (KCS) experts. Because headquarters is so busy every day with our Trump Store, the Recall Petition, Voter Registration, and various other jobs, we are needing dedicated volunteers managing this table so that we connect with everyone who comes into headquarters.

Even though you were not able to attend the Zoom webinar or make it into the meeting (glitches abound), I would be happy to sit down with you and run through the "Vote 'Yes' On Measure 1840" and the Powerpoint presentation from the site that is a wealth of information.

The table is ready and waiting for you to donate a morning or afternoon weekly to this exceptionally important cause that will bring out voters to the polls in November. Just in case you would like to give yourself a refresher on Measure 1840 before you contact me, the website is <https://keepcalsafe.org>

Look forward to hearing from you!

About the Documentary...

"**Out Of Shadows** documentary lifts the mask on how the mainstream media & Hollywood manipulate & control the masses by spreading propaganda throughout their content. Keep California Safe Initiative

Vote "YES" on Proposition 20

Get More information here: <https://keepcalsafe.org>

Initiative Overview

Background

Violent Crimes

- The "Reducing Crime and Keeping California Safe Act" expands the list of violent crimes for which early release is not an option
- Under current law, rape of an unconscious person, trafficking a child for sex, assault of a peace officer, felony domestic violence and other similar crimes are not classified as "violent felonies" — making criminals convicted of these crimes eligible for early release under Proposition 57
- Gives victims reasonable notice of inmates' release and the right to submit a confidential statement to the Board of Parole Hearings
- Key topics: *Proposition 57 and violent crime, Proposition 57 and early release*

Serial Theft

- The initiative revises the theft threshold by adding a felony for serial theft — when a person is caught for the 3rd time stealing with a value of \$250
- Prop. 47 changed the dollar threshold for theft to be considered a felony — from \$450 to \$950
- As a result, there has been an explosion of serial theft and an inability of law enforcement to prosecute these crimes effectively. Theft has increased by 12% to 25%, with losses of a billion dollars since the law was passed.
- This problem won't be solved legislatively, as some have proposed
- Key topics: *Unintended consequences of Proposition 47, Prop. 47 leads to crime epidemic*

Parole Violations

- The initiative requires the Board of Parole Hearings to consider an inmate's entire criminal history when deciding parole, not just his most recent commitment offense; and requires a mandatory hearing to determine whether parole should be revoked for any parolee who violates the terms of his parole for the third time
- AB 109 bases parole solely on an offender's commitment offense, resulting in the release of inmates with serious and violent criminal histories. Moreover, parolees who repeatedly violate the terms of their parole currently face few consequences, allowing them to remain on the street
- Key topics: *AB 109 and considering prior crimes*

DNA Collection

- Reinstates DNA collection for certain crimes that were reduced to misdemeanors as part of Proposition 47
- Multiple studies have shown that DNA collected from theft and drug crimes has helped solve other violent crimes, including robbery, rape and murder
- Since passage of Prop. 47, cold case hits have dropped over 2,000, with more than 450 of those hits connected to violent crimes
- Key topics: *DNA cracks Golden State Killer case, DNA Collected at arrest important*

East Valley Republican Women Federated Say Thank You Subway...

The wonders of life never stop at East Valley Republican Women Federated headquarters in La Quinta. I want everyone to know about Don Sowle, the owner and proprietor of four Subways here in the Valley, who is a wonderful, Conservative man who enjoys coming in and spending time with us making sure that we are well fed and have plenty of help so people who visit headquarter are informed, registered to vote, check their voting status, sign the petition and are energized to help where they are needed. Don Sowle is our #1 Star this month!

On July 4th we had a few EVRWF workers come in to help people who were wanting to register to vote and shop in our store, and sure enough whole families came in to buy Trump gear for all ages. We had three huge trays full of sandwiches and ice cream from Don slated for the Joy Villa party that had to be cancelled on Sunday, so we shared the feast with these wonderful people who love our country and the best part of it all is that they were mostly Hispanic and love President Trump!

Everyday is this kind of day at EVRWF headquarters. I love my job as EVRWF President. My life is fulfilled in so many ways, meeting Don Sowle, meeting families, working for our state and our nation, providing information and working with so many viable candidates and speakers...we are blessed from heaven above.

FROM THE DESK OF LEGISLATIVE VICE PRESIDENT SUNNY SIMONETTI...

I would like to use my platform of this legislation report, not for the usual recitation of the latest bills, but rather to urge your support of our President Trump and

Republican candidates. Because, let's face it, without a conservative President and conservative members of Congress, the bills we are in favor of will not likely succeed.

I have emailed President Trump via the White House email and expressed my own views that he concentrate less on bashing the mainstream media which we all know is famously biased and less on listing his past accomplishments, which we know to be praise-worthy, and instead voice his sympathy for what the American people are going through with the effects of the Covid19 virus and its effects upon our health and economy and then advise exactly what he will be doing in the forthcoming months to address these issues.

If you agree, please join me in voicing these concerns and/or your own particular concerns. It is important that we Republicans speak out and be heard!

I have also emailed Fox political commentator Sean Hannity and asked him to express my concerns to the President. As we all know, Sean seems to very much have the President's ear.

If you would like the email the President, in care of the White House, use this link:
